## Fancy Goods.

Spring Goods are arriving, comprising a large assortment of Cretonnes, Art Muslins, Embroideries, Prints, etc., to be sold at very reasonable prices.

**S. E. ALLEN.**

# Camden East to the Front

We wish to thank our customers for past patronage and hope it may continue in future, as we are this spring in a position to sell goods cheaper than ever.

Our cottonades, shirtings, grey and white cottons, &c., were all bought at the old prices before the advance.

We have a very fine line of new dress goods, also the newest and prettiest patterns in prints you ever saw, to arrive next week.

In groceries, boots and shoes, ready-made clothing, hardware, blacksmith-furnishings, in fact everything kept in a general store, we have a full stock.

Our 25c tea beats anything ever sold in these parts for the money. Try it.

These goods were all bought for cash, and in marking them we are giving our customers the benefit of the discount.

We ask intending purchasers to call and examine our goods, as it will be a pleasure at all times to show them, and we think we can convince you that we are selling as cheap as any other house doing business.

We also are anxious to buy your eggs, butter, pork, grain, sawlogs, and all kinds of farm produce, for which we will pay the highest cash prices.

We can pay you more for first-class logs than you can make out of them any other way.

## THE HAWAIIAN BUSINESS.

From Harper's Weekly.  
If the Republican party takes advantage of the last days of its power to effect the annexation of the Hawaiian Islands to the United States it will commit an act utterly inconsistent with the true spirit of democratic government. On the 8th of November last the American people declared by an overwhelming majority of their votes that they had withdrawn their confidence from President Harrison and his party, and that they had transferred this confidence to Mr. Cleveland and his party, who, according to the popular will legally manifested, are to be intrusted with the conduct of the government. This was the plain meaning of the last national election. Mr. Harrison and his party cannot now do a thing which would—as the annexation of the Hawaiian Islands certainly would—change the traditional policy of the republic in a most important point, which would, when once accomplished, be irrevocable and irremediable, and which is believed not to be in accordance with the

to be effected, as far as our government is concerned, before we know more. The formal assent by vote of the Hawaiian people to their incorporation in the United States as a condition precedent to annexation does not seem to be thought of. The thing is to be done here as quickly as it was done there, without sober examination of the nature of the act and its consequences, by mere "snap."  
To stimulate our greed we are told that unless we take Hawaii, England will take it. Nothing could be more absurd. Our very refusal to take it will immensely strengthen our moral authority in objecting to anybody else's taking it. We are told that our possession of Hawaii would give us great commercial advantages. Granted. But can we not secure those commercial advantages by some other arrangement than the annexation of a distant land and a mongrel people, which, such as they are, nobody thinks of receiving into the Union as a self-governing State, equal to the other States; which, as a far-away dependency, would have to be ruled by a proconsul—a strange and dangerous

## NEWS FROM THE COUNTRY

### SPENCER HILL.

Roads are passable once more and we are able get to Napanee with a few more ease.  
Mr. John Russell has purchased six fine cows from J. C. Hanley, of Hanley's Corner's. Mr. Russell expects to milk sixteen this coming season.  
Mr. James Henderson, of Mount Pleasant, spent Sunday in our midst.  
Mr. and Mrs. McLeod, of Alexandria, is visiting at her brother's, Mr. M. W. Foote.  
Mr. Thos. Russell and sister spent a week visiting friends in Enterprise.  
Mrs. Geo. W. Shibley spent last week visiting her son, M. H. Shibley.  
Cheese meeting at Gould's factory, Empey Hill to-night (Friday). We look for a good turn out of all the patrons.  
Mr. Albert Bowen is confined to his house through sickness.  
Mr. David A. Martin spent this week in Napanee.  
Miss Blanche Dewitt has returned home from Deseronto after a prolonged visit of four weeks.  
Mr. George Demerest is getting better.

**Holloway's Pills.**  
In the complaints peculiar to females these Pills are unrivalled. Their use by the fair sex has become so constant for the removal of their ailments that barely a toilet is without them. Amongst all classes, from the domestic servant to the peeress, universal favor is accorded to these renovating Pills; their invigorating and purifying properties render them safe and invaluable in all cases; they may be taken by females of all ages for any disorganization or irregularity of the system, speedily removing the cause and restoring the sufferer to robust health.

### ODESSA.

The session of the council on Monday evening was the most interesting ever held in Ernestown. The session lasted from 10 a.m. to 10 p.m. The method of loaning township money received through accrued debentures was severely criticized. It was resolved that the banks be notified not to cash any orders unless signed by the reeve and clerk with corporate seal attached, this to be accompanied with a resolution of the council, certified to by the clerk and also to have the corporate seal attached. Local option was not reached owing to the lateness of the hour. A petition asking the council not to submit the by-law till the co-operation of the adjoining municipalities was secured. It measured six feet four inches in length.

Mabee & Derbyshire have bought the stock of S. Bond.  
Sherman Bond is fixing the upper part of his store for lodge purposes.  
Mrs. Johnson, an aged lady, slipped on some ice in the woodshed, sustaining serious injury on the hips.  
—Business men sending out accounts will find a full stock of bill heads, statements, etc., at the Express office. Don't send out your accounts on a sheet of dirty, greasy paper, with a rubber stamp impression in the corner. We do the best work, and our prices are low as the lowest.

### LONSDALE.

We are glad to learn that Mr. James Lazier is much improved in health. It is thought that a little fine weather and some exercise will restore him to his usual state of health.  
Miss Brennan is staying with her aunt, Mrs. P. Doyle.  
Mr. James McGinness is seriously ill.  
The farmers of this vicinity are living in hopes that the petition presented to parliament by the member for Lennox, will have a great effect, and that the sun of prosperity will again shine. Some are even mean enough, however, to insinuate that the said member's motives are selfish and that he intends going into the onion business himself.

### COLEBROOK.

Snow in abundance which causes an occasional upset and runaway.  
Rufus Wager and his girl started out for a drive. The cutter ran up on a snow drift and capsized, throwing them out, and the horse ran away and left the occupants of the cutter in the water. Serious damage was done.  
John's team also ran away before doing any damage.  
The wedding of Ira Salisbary, married last Wednesday to the Church of this place. We will be able to report more shortly.  
Harry Wolfe is much better and has returned to Antwerp, N. Y.  
Mrs. Hiram Vannest and her family have returned after a week's visit with her mother at Murvale.

### DENBIGH.

J. W. Storing has begun to place the machinery in E. Warild's saw mill. Marshall Storing and Wm. McCoy are helping him.  
Mrs. E. Yones has been very sick for about a week.  
Mrs. William Lane and Mrs. James Youman are also reported sick. Sickness of various kinds, more or less severe, prevail here this year to an alarming extent.  
Mr. Paul Stein had a valuable mare dangerously injured by a kick from her mate which let some of her intestines protrude. The wound was immediately attended to and has been progressing favorably so far.  
Mr. Klatt, Raglan, lost a very good horse in a similar way a short time ago.  
David Waddington intends to leave Denbigh in about one month. Thomas Ferguson will work his farm this year.  
Reinhold Petzold intends to go to Arnprior in the course of next week partly on business and also to visit his sister, Mrs. F. Falk.  
William John has finished drawing logs and has quit for this winter jobbing for Messrs. Carswell and Mackay. Several other jobbers are winding up their work as the snow is too deep to make it profitable to work any longer.  
Visitors: George Smith Griffith, Charles Booth, Cloyne.

**A Cure for Cholera.**  
Cholera kills thousands where Cholera kills tens. For this dread disease no remedy can compare in curative power with Haygard's yellow oil. It loosens the phlegm, gives prompt relief, and soon completely cures the violent attack.

## WHO OWNS THE WILD BEASTS, THE WILD BIRDS, AND THE FISH, IN THE SEAS, LAKES, RIVERS AND STREAMS?

Mr. Editor, Natural justice, natural righteousness and common sense says they belong to mankind. The institutes of Menu, the oldest laws of which history has record, the tables of Justinian, the source from which our laws are derived recognizes this, even the dull intellect of these savage perceives this fact, in short, in every age this has been admitted and no King, no Queen, or any body else has any special right to them whatever. They belong to the people in whose country they are found, and they become the "individual property" of him who has the courage or ability to capture, kill or catch them. So when the Dominion Government or the Provincial Government proceeds to make laws for their protection or their disposal, in any way whatever, they are

and irremediable, and which is believed not to be in accordance with the views of the incoming Executive, without rendering themselves guilty of an act of virtual usurpation. It will not serve as an excuse to say that there are prominent Democrats in Congress who favor this act; for it must be remembered that in matters requiring negotiation with foreign powers or nations the Executive has an essentially leading part to perform, and that to forestall the action of the incoming Executive, and thus to force its hand, is to take from it a power which the people have declared it shall possess. This usurpation appears especially unjustifiable considering the nature of the measure in contemplation.

This republic has indeed acquired foreign territory in the past, but only territory contiguous to its borders, which might be expected to be filled in the course of time with a population more or less homogeneous in character, interests, and aspirations with our own, and presently to be incorporated with our political system, to be formed into States governing themselves as to their home concerns, and to take part in the government of the whole republic according to our common national Constitution. The Hawaiian Islands are about two thousand miles distant from our western coast. Their population consisted in 1890 of 31,436 natives, 6,186 half-castes, 7,495 born in Hawaii of foreign parents, 15,301 Chinese, 12,360 Japanese, 8,602 Portuguese, 1,025 Americans, 1,344 British, 1,034 Germans, 227 Norwegians, 70 French, 588 Polynesians, and 419 other foreigners—in all, 89,990 souls. Since then the foreign population has been increasing, but most of the immigrants have been Chinese and Japanese. The climate and the products of the country are those of the tropics. The character of the population, whatever further mixture may take place, will always be such as is developed under the influence of the tropical sun, that is, as universal experience has shown, a character incongenial to the sober, orderly working of free institutions. It will always be colonial; that is to say, Hawaii would always be more a dependency than an integral part of the United States, with interests peculiar to itself, bound to this republic only by the protection against foreign aggression and by the advantages of a commercial union with this country, but owing to its situation, always a field of intrigue for foreign influences.

The manner in which the recent revolution in Hawaii was brought about is significant. Let it be granted that Queen Liliuokalani is a very improper person to sit on a throne, and that her attempt to impose a new constitution on her people was very objectionable. But the movement that overthrew her was not a popular movement. It was a movement set on foot by a handful of American residents, encouraged, if not instigated, by the American minister, and supported by the armed forces of an American man-of-war. In other words, a foreign influence upset the existing government and put in its place a government of its own, whose constituency is only a very small minority of the inhabitants of Hawaii. And this government of intruders, by intruders, and for intruders, born of a successful coup d'état, offers us the Hawaiian Islands for annexation to the United States. The authority in Hawaii is owing to a general belief that it has the power the United States at its back. Its title in the United States is owing to the fact that its authority in Hawaii seems to be generally submitted to. The true feelings of the large majority of the Hawaiian people we know very little. And the annexation of Hawaii to the United States is

an act of virtual usurpation. It will not serve as an excuse to say that there are prominent Democrats in Congress who favor this act; for it must be remembered that in matters requiring negotiation with foreign powers or nations the Executive has an essentially leading part to perform, and that to forestall the action of the incoming Executive, and thus to force its hand, is to take from it a power which the people have declared it shall possess. This usurpation appears especially unjustifiable considering the nature of the measure in contemplation.

These are important questions. But no time is to be given for their mature consideration to the American people by an administration which they have recently condemned by an emphatic vote of want of confidence. It is an outrage of the first order.

#### Beware of Cholera.

The healthy body throws off the germs of cholera, therefore wisdom counsels the use of Burdock Blood Bitters this spring to purify the blood, regulate the system and fortify the body against Cholera or other epidemics.

#### WOMAN, LOVELY WOMAN.

A Frisco lady doctor wears trousers. Over 6,000 women in the United States act as postmasters. Pins are found among the mummies of Egypt and in prehistoric caves. A Salisbury, N. C., woman is reported to be cutting her third set of teeth. A laundry in England owned by women and employing only women earned \$25,000 last year. The "Lobster Woman" is the latest Papu wonder. Mme. Virginie Brissac is the woman's name, and for hands and feet she has exact counterparts of the claws of a lobster. Some of the native women of Australia have a queer idea of beauty. They cut themselves with shaves, keep the wounds open for a long time, and when they heal scars are the result. These scars are deemed highly ornamental.

#### SOME NEW IDEAS.

Isaac Pitman, the inventor of a system of shorthand writing, is eighty years of age. Paper teeth are now manufactured by a Lubbeck dentist. One set has been in use for thirteen years and is as good as ever. Among the recent inventions, it is said, is a cradle, which rocks by clockwork mechanism and at the same time plays baby tunes. A clerk in a bicycle store in Kansas City has designed and is building a new buggy with pneumatic-tired bicycle wheels and a number of improvements calculated to add strength, lightness and speed to the vehicle. Joseph Schiesser, of Oakland, Cal., thinks he has solved the problem of Arctic travel by means of a device which puts a petroleum engine on a sled and makes the engine drive a series of spurs which take hold of the ice and force the sled forward.

#### PEOPLE OF OTHER LANDS.

The chief rabbi of Jerusalem, Rabbi Rafael Meir Fanidgil, Haham Bashi, died the first week of January. Lady Castel Stuart, who claimed to be the last direct descendant of the royal Stuarts, died at Rome recently. Rubinstein says that he would become an American citizen if it were not for the objections of his wife. "I am a Russian of Russians," he told Miss Kate Field, "but I am also a republican, and America is the land for those that love liberty." Wong Ching Foo says that the next Chinese minister to the United States, if the people of this country permit it, will be a genuine simonpure Tartar, one of the Emperor's fellow-townsmen. He will be the first Tartar diplomat the United States ever had. His name is Zihshu or Zizh-awer, and he is said to be an able Chinese and Tartar scholar.

member's motives are selfish and that he intends going into the onion business himself.

Our business men are rejoicing that the roads are again getting so that outsiders can get into town. However the weather is quite uncertain and their hopes may at any time be dashed. Mrs. Howell is visiting at Mr. A. H. Bruen's.

#### 1892, "The Cigarettes of the Havana Crop."

"La Cigarrera" and "La Flora" brands of cigars are undoubtedly superior in quality and considerably lower in price than any brand imported. Prejudiced smokers will not admit this to be the case. The connoisseur knows it. S. Davis & Sons, Montreal.

#### NAPANEE MILLS.

Mr. W. H. E. Bravender has returned from a business trip in the oil regions of Pennsylvania.

Mrs. John Rejzler is recovering from a severe attack of pleurisy bordering on congestion of the lungs.

The Cement Co. have sent to Germany for a man to superintend the filling and fixing of the new kiln.

Vera Madden is now decorated with the measles.

Miss Mary Madden, Prince Albert, Ont., is the guest of Mrs. R. Madden.

Our popular station agent, Mr. C. Weir, took part in the A.O.U.W. concert, last night at Yarker.

Mr. Ross, of the Cerebral Co., renders a solo at the Presbyterian tea at Newburgh. Mr. R. has a splendid voice and sings with expression.

Without doubt the young ladies' tatty pull will be the crowning glory of our season's entertainments. The programme will be varied with tableaux of entirely new designs. The sugar will be the best money can buy, the syrup costing \$1 per gallon. Admission, two for a quarter.

Gertie Carscallen, with her usual generosity, shared up the measles with her twin sisters.

#### Piles! Piles! Rectal Piles!

Symptoms—Morture: intense itching and stinging, most at night, worse by scratching. If allowed to continue tumor form, which often bleed and ulcerate, becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases, removes the tumors. At drug stores, or by mail for 50 cents. Dr. Swayne & Son, Philadelphia. Lyman, Sons & Co., Montreal, wholesale agents.

#### NEWBURGH.

We have had some disagreeable storms here since last week but the weather is now beautiful and pleasant.

The result of our debate on Friday evening last was that "The man from the city was greener in the country" "than the man from the country in the city." The question was well handled on both sides, and much sport was made, and interested the audience. Good house.

A grand concert will be given in Finkle's hall to-night in aid of the Presbyterian church.

Mr. W. Petre, paper maker in Nanapanee Paper Mills here resigned his position here to accept a similar position in paper mills in Raleigh, North Carolina, U. S. Mr. John Moore has accepted position as paper maker in Mr. Petre's place.

Mr. Petre left here for Raleigh Wednesday this week. We wish him success. He has been a good citizen and we regret to have him leave us.

Mr. C. W. Glenn attended county Sabbath School convention in Tamworth last week.

Mrs. Elliott and daughter, of Millbrook, are spending this week here, guests of Mrs. Stickney.

Miss Glen, of Fredericksburgh, is spending this week with her brother, C. W. Glenn.

Miss Perry, of Kingston, and the Misses Watts, of Odessa, spent last Sunday in Newburgh, guests of Mr. J. C. Shorey.

Mr. Geo. E. Deroche represents Newburgh Epworth League at Convention held in Toronto this week.

#### Get the Best.

The public are too intelligent to purchase a worthless article a second time, on the contrary they want the best! Physicians are virtually unanimous in saying Scott's Emulsion is the best form of Cod Liver Oil.

#### Will not locate in Kingston.

Mayor Polson is in receipt of a letter from the McCormack harvesting machine company, Chicago, which states that the company does not wish to locate as far east as Kingston. This is the big machine concern so many western cities are after.

ment proceeds to make laws for their protection or their disposal in any way whatever, they set up a claim to property which does not belong to them nor never did. Under the pretence of protecting the public interests they make laws for the protection of game and fish, and steal away the "rights and liberties" of the people, for the sake of making a place for a lot of public officers to keep them in power, and for the people to pay, and it cannot be shown that the people will ever be benefited one cent in any way whatever. We want no fish inspectors, no fish guardians or game and fish wardens for the people to pay and to act as helpers at election times, to keep the government in power, nor to administer on stolen property, which cannot be justified only on the ground that stolen property belongs to the thief. We want no deer parks or rabbit warrens in this country, we do not want to be pestered with rabbits as the people have been in Australia, we do not want our fields of grain and turnips destroyed by deer as was done last summer within 100 miles of where I am now writing. We do not want to be pestered with Muskrats, Minks, Racoons, Squirrels and Skunks, in short, we want the land for men and women, and not for wild birds or wild beasts. We are raising men and women for the United States and we are also raising wild ducks and wild geese. These birds come here to hatch in summer and go down along the sea coasts of the United States to winter, and the people down there are now eating the birds we raised for them last summer. The people of this country pay game wardens to protect game, but are not allowed to kill and eat the game. Let us cease to make fools of ourselves. We protect the fish in our lakes on this side and our neighbors on the other side catch the fish. Where is the wisdom in this? The Dominion Government bonuses fishermen to encourage them to fish in Nova Scotia, our Provincial Government fines men for having the audacity to attempt to fish. Both governments have stolen the rights of the people, and between these two thieves the people's rights and liberties, and the people, too, are being crucified unto death. In this country we have a fish inspector and fish guardians appointed by the Dominion Government and the people have been paying some \$300 per year for six or seven years. What has the people got in return for this outlay, has the Nanapanee market been any better supplied with fish than formerly or has any other market in Canada been benefitted one cent's worth in any way whatever or is it likely to be? What has been done in this country is simply what has been done in every county in the country. It's true the fishermen have had to pay a license for the privilege of fishing or in other words have been fined for attempting to fish, and some of them have had their nets destroyed by way of encouragement. We say let fishermen fish, as long as there are any fish, and they are likely to hold out for a few thousand years yet. As soon as it becomes profitable to raise White Fish or Salmon or any other sort of fish for which there is a market, men will be found to raise them and we have plenty of lakes and streams to raise them in. Until this time comes, let the people catch their own fish and shoot their own game and repeal all laws in regard to game and fish protection.

NAPANEE, FRIDAY, MAR. 3, 1893.

THE farmers are getting in their work now. Petitions are going to the commons signed by thousands and thousands protesting against the duty on agricultural implements, etc. Mr. Dalton McCarthy will lead the farmers' revolt.

The Hamilton Spectator is of opinion that it does not make much difference what the duty on binder twine is inasmuch as the manufacture of it by a farmer's company and by prison labor was certain to secure competition and low prices anyway. Thus at one fall swoop the chief boon of Foster's budget is knocked into smithereens. What a shame that the farmers have no cause to be grateful to Mr. Foster's alleged tariff concessions.

THERE is likely to be a bye election for the House of Commons in Ottawa city very soon. Mr. C. H. Mackintosh, M.P., is to be the new Lieutenant governor of the Northwest Territories, notwithstanding the protestations of some of the parliamentary representatives from that section of the Dominion; and Mr. Mackintosh, "with all his imperfections thick upon him," will be a decided improvement upon Mr. Joseph Royal.

THERE is a Pittsburgh widower who must want a guardian bad enough to hire one. He carried on a loving correspondence through a matrimonial paper and lavished the most intense avowals of affection upon the unknown victim of his tender passion. When it came to the "round up" he found himself engaged to his own daughter, and the disappointment in that household was so dense that the festive old gentleman kicked himself two blocks up hill and the daughter cried straight through till breakfast time.

ADDITIONAL evidences of the conditions of chaos and panic created in the Tory ranks by the agitation for tariff reduction is afforded by the circular just issued to Canadian manufacturers by Mr. David Creighton, general manager of the Toronto Empire. Mr. Creighton was in Ottawa a few days ago consulting with his leaders, and the circular is no doubt the result of that consultation. The manufacturers are reminded that the Empire has been fighting the cause of high tariff and monopoly. This is no doubt intended as a hint to them to come down handsomely to sustain it in the fight against reduced taxation.

THERE is a good deal of talk about the rapidly diminishing timber supply of the United States, but it seems that the quantity yet left precludes the possibility of its becoming exhausted for a long time yet to come. In Washington territory alone there are over four hundred billion feet of standing timber, and in the other states west of the Rockies four hundred and forty billion feet. This is sufficient to belt the earth three times around with a girdle of dense forest a mile wide. In addition there is a supply of three hundred and fifty billion feet in the southern and eastern states, and seventy billion feet in Alaska. Canada's supply is enormous. In British Columbia alone there are one trillion, four hundred billion feet of standing lumber. In addition to this there are enormous quantities in some parts of the Northwest and Northeast territories, the northern part of Ontario, Quebec and New Brunswick. It will be a very long time before all this supply will be exhausted.

HOW THE FARMER IS TAXED.

fast steamships, which would land passengers in Chicago twenty-four hours sooner than by American lines. The question was one which would interest the people of Great Britain as much as the people of Canada, but there was no feeling there on the subject. He did not know why we should have any special interest in transporting passengers and freight across the Atlantic in four or five days, or what would be gained by it. Until that fact was established he did not think that the people of Ontario at any rate would consent to any such a charge being placed upon the country.

On the item of \$2,652 for the census, Sir Richard Cartwright objected to the government keeping as a state secret the details of the industrial establishments mentioned in the census. Such action threw very grave doubt upon the accuracy of the whole census. He could conceive of no possible grounds for withholding the information. The finance minister repeated his explanation of the other day, that the census was taken upon the understanding that secrecy should be observed. Sir Richard retorted that no harm could possibly result from the publication of the names of owners of industrial establishments, as nobody asked for the amount of capital invested, or other details. A more flimsy excuse was never offered by any government. Mr. Foster replied that the government could not break faith with the people, who had given the information upon the understanding that it should be confidential. Mr. Laurier joined heartily in the demand for information. They had supposed that the instructions to the enumerators had been based upon common sense, and the common sense idea was that the names of the manufacturers should be published. The average manufacturer was only too glad for publicity. Mr. Lister gave a sample of the manner in which the census had been padded. It gave the town of Sarnia as having 117 industrial establishments. He had lived there for 50 years, and he only knew of 15 places that could be by any possibility put down as "industrial establishments." Mr. Davies characterized the figures respecting Prince Edward Island as ridiculous and absurd. After a discussion of an hour and a half Sir John Thompson came to Mr. Foster's rescue, promised consideration and enquiry, and that if it were possible to give the names without breach of faith they would be given. Half an hour more was spent in forcing the government to allow the item to stand over for further consideration, and finally Mr. Laurier, by admirable generalship, compelled the ministers to yield. Public works estimates were discussed for the balance of the evening.

THE bye-election to the Ontario legislature, held in Toronto on Tuesday last, resulted in the return of Dr. G. S. Ryerson by a plurality of 591 over Dr. W. W. Ogden, the Reform candidate, Mr. Thompson, the third candidate, securing 636 votes.

OTTAWA, Feb. 28.—All this evening the galleries of the house have been crowded until no standing room remained unoccupied, and on the floor of the chamber there were full benches on both sides. The interest in the debate which has dragged along for a couple of weeks with occasional bursts of good oratory was to-night electrified by the speeches of the eloquent leader of the opposition and the finance minister. The debate and the division are regarded as the most important in their effect upon the country of any since 1878, and that the consequences of the contest were appreciated by the leaders was apparent from their speeches. Mr. Laurier has never shown to better and stronger advantage than

**THE SHAW CO'Y**

WHAT SAYS P. MONEGAN?

Well This is What He Said to Us on 6th  
day of February, 1893.

For several years past my wife has

**DAFOE'S ROLLER MILL**

...nights. The doctor said it was piles and made her sit over hot water and gave her ointments and washes and I don't know what all—then the piles would bleed and she would get some relief, but the piles and the pain would never leave her entirely, and soon she would get laid up again. In this way she continued to get worse and worse, though she tried a great many things from the doctors and others. Well I think it was along in August, or perhaps September last, she took the worst spell she ever had and though the piles bled freely she got no ease at all. She had no appetite and could not sleep, sit or lie for the pain. At this time we were told to try "Magic Pile Lotion." We did so, and in less than an hour she got easy and fell asleep, the first she had got for three days and nights. In less than a week she was about the house attending to her work and she has had no return for now nearly five months. It was a lucky thing we got that Magic Pile Lotion and we hear many others giving it great praise. We have used it for chapped hands this winter and it cures them in one night.

(Signed) P. MONEGAN.  
"Brookville Times."

Magic Pile Lotion is a most reliable and prompt remedy for those diseases and ailments for which it is recommended on the covers and labels, and many other affections of a like character. It is prepared only by the Salvator-Magnus Medicine Co., of Brookville, Ont., who also manufacture the great lung remedy "SALVATOR-MAGNUS," and that unrivalled cough mixture "MAGNUS EXPECTORANT." These medicines are for sale by all regular druggists.

#### WILL KILL CONSUMPTION.

The Norwegian cod is destined to kill consumption. It has always been known that its oil, when properly prepared, contains all the potent elements for rebuilding wasting tissues in the human body. The difficulty has been to conserve the energies of the oil in its refining, and this has been accomplished by the manufacturers of "Miller's Emulsion of Cod Liver Oil." All who suffer with lung troubles, and of course all who are threatened with consumption, should take it. In big bottles, 50c. and \$1, at all Drug Stores.

#### STARTLING ELECTRIC PHENOMENA.

Pike's Peak, the Eldorado upon which the gold-seekers turned their eager gaze in the days of the Colorado mining mania, is remarkable for the most wonderful example of electric phenomena ever witnessed. A recent number of the Scientific American tells of the adventure of an observer of the United States Weather Bureau, who, during the progress of a violent thunderstorm on the Peak, was lifted from his feet by the electric fluid, while the wristband of his woolen shirt, as soon as it became damp, formed a fiery ring around his arm. At another time flashes of fire and loud reports surrounded the summit in all directions, and brilliant jets of flame of a rare white color jumped from point to point on the electric wire. The summit is 14,147 feet above the level of the sea.

#### Indispensable.

There are some simple remedies indispensable in every family. Among these, the experience of years assures us, should be recorded Perry Davis' Pain-Killer. For both internal and external application we have found it of great value; especially can we recommend it for colds, rheumatism, or fresh wounds and bruises.—Christian Era.

—Mrs. J. Richards, Picton, visited her husband at Toronto, taking her infant daughter, Mary Ernestine, with her. The child was taken ill and died there.

#### The Power of Nature.

For every ill nature has a cure. In the healing virtues of the Norway Pine lies the cure for coughs, croup, asthma, bronchitis, hoarseness, etc. Dr. Wood's Norway Pine Syrup represents the virtues of Norway Pine and other pectoral remedies. Price 25c.

—Dr. Newton has tendered his resignation as a member of the Deseronto High School Board. The county council is asked to fill the vacancy. G. W. Wright was elected chairman of the board.

#### Restored to Health.

DEAR SIR,—For years I was troubled with indigestion, but being advised to try B. B. B. I did so and find myself quite restored to health. HOWARD SULLIVAN, manager Sullivan farm, Dunbar Ont.

#### A Plain Statement.

Hagyard's Pectoral Balsam cures coughs, colds, asthma, hoarseness, bronchitis, tightness of the chest, and all diseases of the throat and lungs.

considerable expense, a **FULL ROLLER PROCESS**, second to none in Canada. The Mill has only been in operation one month, and is giving perfect satisfaction in every respect. It is now running day and night, under the management of Mr. E. E. LOCKWOOD, an expert roller miller, late of Winnipeg. The Brands of Flour have been tested by the leading bakers of the town, and some of the farmers of the county, who have furnished me with testimonials as to the superior quality of the various brands. Ask your grocer for any of the following brands, and take no other.

**Seek No Farther**—Spring Wheat Pastry.

**Cook's Companion**—Fall Wheat Pastry.

**Dafoe's Star**—Patent for general purpose.

**Samson**—Manitoba Strong Bakers, for Bread.

**Non-Such**—Family and Farmer's Choice.

**Surprise**—Straight Roller Grade.

**Silver Cloud**—Low grade.

**Entire Wheat Meal** from Select White Wheat.

**Graham Flour, Bran, Cracked Wheat, Shorts, Roller Corn Meal, Pea Meal, Roller Buckwheat Flour, &c. &c.**

All kinds of mill feed and grain constantly on hand and supplied at lowest prices.

Farmers, bring on your gristing and give me a trial. Flour exchanged for Wheat, on a basis equal to any mill in the Counties. Flour warranted unequalled. My Buckwheat and Corn Mill process has no superior. I have put in first-class repair two run of the wheat stones for grinding feed, and am prepared to grind as fine as any mill in the district, and at as short notice. Owing to having two run of stones, I can always have one in good working order, which will enable you to take your grist home with you on the same day you bring it to the mill. All gristing weighed in and out.

Patronage solicited.

Unlimited Satisfaction Guaranteed.

Cash paid for all kinds of grain.

## DOMINION PARLIAMENT.

A DIVISION WITH A GOVERNMENT MAJORITY OF 54.

On Mr. Cartwright's Amendment—Laurier and Foster Cross Swords in Debate—The Exodus and Reciprocity Were the Leading Questions.

OTTAWA, March 1.—On Sir John Thompson making the motion of which he had given notice, that the Government would take Thursdays for Government business, Hon. Mr. Laurier objected at this stage of the session, when the order paper was now filled with notices of motions and other private business, to any day being taken permanently, but suggested that in view of Sir John Thompson's early departure for England and his wish no doubt to settle up some Government business before he left, that the Government should take next Thursday and leave the question of other Thursdays in abeyance for the present. After a short discussion this was agreed to.

On the orders of the day being called, Hon. Mr. Laurier asked if it was true, as stated in the press, that an order-in-council had been passed referring the Manitoba school question to the Supreme Court, and if so, whether a copy of the order-in-council passed, would be brought down tomorrow. He would add that the order differs somewhat from the ordinary reference, as the Manitoba Government and the representative of the minority in Manitoba had been asked to confer with regard to the questions to be submitted.

Hon. Mr. Laurier enquired whether the Government was yet in a position to give any information respecting the treaty with France.

Sir John Thompson said he hoped to lay a copy of the treaty on the table by the end of the week.

Mr. Perry then resumed the Budget debate, traveling over a good deal of the ground already traversed by previous speakers on the Opposition side, and was followed by Mr. McLaughlin, who performed the same feat from the Government standpoint.

After recess the debate was resumed by Hon. Mr. Laurier, who commenced by touching on the question of the exodus, holding that the natural centres of attraction for population were east or west, but with us it was towards the south, and that only occurred in counties where there was too heavy taxation.

He next turned to the census, claiming that the statistics of manufacturers were unreliable and presented altogether too rosy a view of the case. The Government had refused a few days ago to give the names of

he asked, where the farmer gets so much of a supply at so low a cost? There was no country in the world where the farmer paid less on the articles required in his daily life than were paid in Canada.

He analysed the amount of revenue collected to show that the larger part of it was not taxation, but merely the cost of service through the mails or by railways, and went on to refute the argument advanced by Mr. Laurier that any taxation was an evil which prevented prosperity.

After dealing with the question of assimilation of tariffs between Canada and the United States, he challenged the Opposition to show how there could be unrestricted reciprocity with the United States and discrimination against Great Britain without having an assimilation of the tariffs of Canada and the United States.

He took up the question of the Brown treaty with the United States in 1874 and claimed from the records of the negotiations to show that there was no discrimination against Great Britain ever contemplated and that all through the negotiations the greatest pains were taken to provide that there should be no discrimination against Great Britain.

In conclusion of that branch of his subject he said that the matter had been threshed out again and again, and it was ridiculous at this date to attempt to argue that any discrimination had been intended against Great Britain by the Brown negotiations of 1874.

In conclusion he reviewed the statements of policy made by various leaders of the Opposition, such as Mills, Cartwright, Charlton, Paterson, Tarte and others to show how little they agreed as to what their policy was. The only thing they seemed to be agreed on was the destruction of protection.

In a very brilliant peroration he said that he was perfectly content to leave the question of free trade or protection to the people, being perfectly confident of the result.

The debate was continued by Mills, Metcalfe, Edwards and Davin until 2 25, when the members were called in and divided on Sir Richard Cartwright's amendment, which was defeated.

Yeas 72, nays 126. The vote was a straight party one, with the exception of Calvin.

The Divorce Committee of the Senate this morning considered the application of James Balfour, architect of Hamilton, for divorce from his wife on the ground of adultery with a stableman in the employ of the applicant. The marriage was proved and the applicant examined, and the committee unanimously agreed to report the bill.

Adam Brown, postmaster of Hamilton, is here on departmental business.

One of the largest elevator dredges ever built on this continent is now being constructed in this city for the Department of Public Works to be used on the St. Lawrence

## IMPERIAL PARLIAMENT.

GLADSTONE HAS NO LIKING FOR BI-METALLISM.

He Says the United States Took the Initiative and Must Offer a Tangible Scheme Before He Would Adopt a Double Standard of Currency.

LONDON, March 1.—Sir Henry Meysey-Thompson, Liberal-Unionist member for North Hantsworth, Staffordshire, moved in the House of Commons yesterday that the British Government should use its influence to bring about a reassembling of the International Monetary Conference with the object of finding a remedy for evils attendant upon the divergence of values between gold and silver.

Sir Henry argued that mono-metallism was a national misfortune and that a fixed bi-metallic ratio was the sole remedy for existing difficulties growing out of the currency question.

Mr. Samuel Montague, Liberal member for Whitechapel and well-known as a member of the banking house of Samuel Montague & Company, earnestly supported Sir Henry's motion and argued in favor of bi-metallism.

Other bi-metallists also addressed the House in behalf of the proposition.

Mr. Gladstone, in reply, reminded the House that the International Monetary Conference met at the initiative of the United States, and it would be an unprecedented proceeding now to deprive America of the initiative. England had followed the Brussels discussion with more or less sympathy, and had a right to expect from the United States a declaration as to what step that country proposed to take next. In the opinion of the Government no plan yet proposed showed how it was possible to change the standard of value of Great Britain. [Hear, hear.] It would place the Government in a ridiculous position if it should assume the initiative in reopening the conference, having nothing to recommend for discussion.

Continuing, Mr. Gladstone said that England was not alone among civilized nations in her determination to adhere to her present monetary system. Seven other powers, without the slightest reference to England, had signified their intention not to change their currency. Half of the powers represented at the conference had shown that they leaned towards bi-metallism, but as yet they had not given the most shadowy indication of what change they were prepared to make.

In conclusion, Mr. Gladstone made an elaborate exposition of the benefits of mono-metallism and the dangers of bi-metallism. Mr. Chaplin, President of the Board of

Incorporated 1887, with Cash Capital of \$50,000

THE OWEN

ELECTRIC BELT

AND APPLIANCE CO.

49 KING ST. W., TORONTO, ONT.

G. C. PATTERSON, Mgr. for Canada.

Electricity, as applied by the Owen Electric Belt,

is now recognized as the greatest boon offered to suffering humanity. It is fast taking the place of drugs in all nervous and rheumatic troubles, and will effect cures in seemingly hopeless cases where every other known means has failed. It is nature's remedy, and by its steady, soothing current, it is readily felt.

### POSITIVELY CURES

Rheumatism, Sexual Weakness, Sciatica, Female Complaints, General Debility, Impotency, Lumbago, Kidney Diseases, Nervous Diseases, Liver Complaint, Dyspepsia, Lame Back, Varicocoele, Urinary Diseases.

### RHEUMATISM

This well known fact that medical science has hitherto failed to afford relief in rheumatic cases. We venture the assertion that although Electricity has only been in use as a remedial agent for a few years, it has cured more cases of Rheumatism than all other means combined. Some of our leading physicians, recognizing this fact, are availing themselves of this most potent of nature's forces.

### TO RESTORE MANHOOD

Thousands of people suffer from a variety of nervous diseases, such as Sexual Weakness, Impotency, Loss of Manhood, Weak Back, etc. There is a loss of nerve force or power that cannot be restored by medical treatment, and any doctor who would try to accomplish this by any kind of drugs is practicing a dangerous form of charlatanism. Properly treated

### THESE DISEASES CAN BE CURED

Electricity, as applied by the Owen Electric Belt and Suspensory, will most assuredly do so. It is the only known remedial agent that will supply what is lacking, namely, nerve force or power, impart tone and vigor to the organs and arouse to healthy action the whole nervous system.

### BEWARE OF IMITATIONS

And the worthless, cheap, so-called Electric Belts advertised by some concerns and peddled through the country. They are electric in name only, worthless as a curative power, and wear at any price.

We Challenge the World to show us an Electric Belt whose current is under control of the patient, as depicted on this. Our Trade Mark is the portrait of Dr. Owen embossed in gold upon every Belt and appliance manufactured by us.

Send for Catalogue—Mailed (Sealed) Free.

## ABOUT ARBITRATION.

Caprivi Says In No Case Would Germany Give Up Alsace-Lorraine.

BERLIN, March 1.—The question of international arbitration came up in the Reichstag through a question asked by Dr. Barth, a leader of the Freisinnige party, who desired to know if the Government would join the Governments of Great Britain and the United States in an effort to establish arbitration as the method of settling national disputes.

Freiherr Marshall Bieberstein, Minister of Foreign Affairs, replied that the Imperial Government was entirely willing to accept arbitration in special cases.

Herr Böbel, the Social Democrat, suggested that the nationality of Alsace-Lorraine should be admitted to international arbitration.

This suggestion brought Chancellor von Caprivi to his feet. The Chancellor declared that if that question was submitted to arbitration and the arbitrators decided that Germany should surrender Alsace-Lorraine the nation would refuse to acquiesce in the decision. Rather than give up that country Germans would prefer to shed the last drop of their blood.

The Chancellor's statement was greeted with patriotic cheers.

## THE WONCH CASE.

The Alleged Murderess is in Jail in Collingwood.

COLLINGWOOD, March 1.—Interest in the Wonch murder case is still high. Yesterday your reporter visited the but, which is situated in a swamp and is a miserable hovel about seven feet square, six feet high at the front and four feet high in the rear.

In the shanty there was a rusty box stove, two chairs, a frame of an old lounge and a few pots and pans. The door was broken off and lying on the ground.

Last night Chief Lewis went to Meaford to arrest Jennie Wonch, the alleged murderess. He brought down his prisoner this morning and placed her in the lock-up, where her idiot brother John is incarcerated.

To Chief Lewis she stated that she was guilty of no crime and was only working to get money to buy a coffin.

Constables are endeavoring to thaw out the bodies, in order to prepare them for the post-mortem examination, which will be held to-morrow by Dr. Aylesworth. The inquest will be continued to-morrow evening.

## PATRONS OF INDUSTRY.

The Crushing of the Salt Combine And the Reduction on Binder Twine.

TORONTO, March 1.—The second annual meeting of the Patrons of Industry convened at the St. Lawrence Hall yesterday afternoon, with President C. A. Mallory of Warkworth in the chair. Delegates from all the county lodges throughout the province, and several from the Province of Quebec, were present. The President congratulated the society on its growth and said that it had assumed large proportions. Among other things the address said: "The true aims of the association are to build not palaces, but to exalt not titled stations, but general humanity; to dignify not idle repose, but assiduous industry; to elevate not the few, but the many." In the course of the year over 600 subordinate associations have been added. It says that the English portion of Quebec is nearly all organized and that the French portion is being canvassed with that view. Reference was made to the removal of the high duty on binder twine, and as the result of the order's petitions. Credit was also taken to the order for crushing the salt monopoly.

## Dominion Grangers.

TORONTO, March 1.—The 18th annual session of the Dominion Order of Grangers commenced at the Albion Hotel in this city yesterday. The chief business of the day was the reading of the president's address. Some 50 delegates from different lodges throughout the province were in attendance. President H. F. Hepinschall of the county of Huron presided. His address dealt with a number of subjects of interest to the order, such as the condition of farm products and most of which would seem to be in a healthy condition. Party government was denounced, annexation termed a "trap," independence a dream; and it was further pointed out that the country is over-governed and would hail with delight any feasible scheme that would reduce the burdens.

## Fire in New York.

NEW YORK, March 1.—Four alarms were sounded at 6 o'clock yesterday morning for a fire in Munro's publishing establishment, an 8-story brick building at No. 22 Vandewater-street. The damage will reach \$100,000.

## Ripsey May Live.

SAN FRANCISCO, March 1.—Ripsey, Mackay's assailant, was still alive and in a somewhat improved condition last night.

...the next to the one the first Monday and Tuesday in each month—these being the first visits to Panworth. Rooms at Wheeler's Hotel.

He will also be absent from his office in Nadeau Monday and Tuesday of each week. 5y

At the Brussels conference, he said Bertram Currie (British delegate) persistently and deliberately did everything in his power to defeat the objects of the meeting.

Sir William Vernon-Harcourt, Chancellor of the Exchequer, repudiated Mr. Chaplin's charge against Mr. Currie. The British delegates, he said, had been almost the only ones to support the American resolution in favor of extending the use of silver. From first to last bimetallism had been at the bottom of the conference, as it was at the bottom of present debate. The failure of the conference had been due to the absence of all definite proposals. If the United States should reconvene the conference and submit definite proposals, the British Government would be happy to send back their delegates, but could not be expected to provide a scheme for the more extensive use of silver.

Sir Henry Meysey-Thompson's motion eventually was rejected by a vote of 229 to 148. The announcement of the vote was received with loud Liberal cheers.

## Trouble in de Choir.

MONTREAL, March 1.—There is a great flutter among the church choirs over the recent performance of "The Gondoliers" by an amateur opera company. Members from nearly all the choirs in the city sang in the opera, and this coming immediately after the strong denunciation of theatres by the Protestant Ministerial Association has caused a good deal of curiosity to know what the different churches will do.

At the prayer meeting in one of the Presbyterian churches prayers were offered up for one of the leading lady singers and "her companions in sin," as they were called, and it is stated one of the Methodist churches has requested the resignation of a lady member because she sang in "The Gondoliers." The performance itself was a great serial and operatic success.

## Riot in Pennsylvania.

MONROEVILLE CITY, Pa., March 1.—There was a riot yesterday at the Cincinnati mines, where about 100 colored miners are working at reduced rates, and one was probably fatally injured. The trouble was started by the colored miners indulging freely in drink.

Thomas Russell threw a brick at the wife of a negro miner named William Love, which struck her on the top of the head.

Her husband interfered and Russell smashed him with a brick, cutting a bad gash in his head. Love fired a revolver at Russell, but missed him. Russell picked up a hatchet and struck Love with it, making a probably fatal wound. More trouble is anticipated.

## The Suggestion Will Go Unheeded.

PARIS, March 1.—M. Thiebaut lectured to an immense audience in the Cirque d'Ete on the Panama Canal. The speaker urged that the French Government should make an annual grant of from five to ten million francs for operations on the canal until the work should be completed. The audience, which included many members of the Panama Committee, applauded with great enthusiasm Thiebaut's suggestion.

## Tariff Reduction.

CITY OF MEXICO, March 1.—An official decree has been issued by President Diaz making several important reductions in the tariff on horses, hogs, cloths, tobacco, soap not perfumed, liquor, drugs, seeds, cottons, lace and fibre.

## A Glass Bottle Trust.

PITTSBURG, March 1.—A big combination of glass bottle manufacturers has been formed, and nine factories in this vicinity will soon be abandoned. The combination will be known as the Pittsburgh Glass Co. and the capital stock will be \$1,000,000.

## Another Brewery Combine.

NEW YORK, March 1.—An evening paper states upon the authority of Lawyer Samuel Untermyer that another mammoth brewery trust is being formed in this city and Detroit. It will include 30 breweries, mainly in the States of Michigan and Ohio, and will represent property to the value of \$20,000,000.

## Dr. Ryerson Elected.

TORONTO, March 1.—Dr. Ryerson, the Conservative candidate, was yesterday elected to fill the vacancy in the Ontario Legislature caused by the death of Mr. N. G. Bigelow, Liberal. The vote was Ryerson, 7631; Ogden, Liberal, 7039; Thompson, Labor, 640.

## The Coal Question.

NEW YORK, Feb. 28.—Anthracite coal is not to be any cheaper just yet. The eastern sales agents and the western sales agents held separate meetings yesterday afternoon, and both agreed to allow prices to remain as they are.

# GREAT WET SALE

UNTIL 15th MARCH

INS in the Central District will be given.

**WHITE AND GREY BLANKETS** lower than ever heard of before.

**GREAT DRIVES in Furs** of every sort—Robes as low as \$5. Fur Caps, Capes, Collars and Muffs to be sacrificed. A nice Otter Sett (Storm Collar and Muff) for \$8, worth \$20. These are laid out on a table near the front door and must be sold.

**THE GRANDEST BARGAINS** to be found in the Central District are at Cheapside's for the next 12 days. There are also

- HUNDREDS OF PAIRS of Lace Curtains, the best value in Central Canada.

## NCH & COMPANY

The great Dry Goods, Millinery, Carpet, House Furnishings and Fur Emporium of the Central District.

### DROWNED LIKE RATS.

Terrible Fate of the Inhabitants of a Hungarian Village.

VIENNA, March 1.—A terrible calamity has overtaken the village of Gergely, near the town of Paks, in Hungary, situated on the River Danube, about 60 miles south of Buda. Owing to a sudden rise of the Danube the 1600 inhabitants of Gergely found the mud huts in which they lived surrounded by waste waters. The frail dwellings gradually yielded before the furious current which was continually rising, and the people took refuge in the church and school, which were constructed of stronger materials, hoping that these buildings would be able to hold out against the flood.

The people, led by their pastor, offered up earnest prayers for safety and mothers and children clung to the altar, beseeching the intercession of the saints. They saw their homes disappearing in the raging stream, and the swelling waters began to beat against the church and school buildings with such fury that at last they decided that to remain would mean the destruction of all of them, while if they fled some of them might escape.

Opening the doors, they started out into the flood, which surged nearly to the waists of the grown-up people. Fathers and mothers carried their children, and the sick and feeble were helped along by those who were stronger.

They fled as fast as they could in the direction of Paks. One mother, with five children, sank in the waters and perished. Many others, the number of whom is as yet unknown, were drowned in the flood, and the survivors reached Paks in a most deplorable condition.

The people of Paks gave the fugitives all the succor possible although deeply concerned for their own safety, as the Danube is 20 feet above its normal height. Nothing can be done toward recovering the bodies of those who have perished until the river retires within its usual channel, and it is believed that many have been swept many miles away.

### HE IS AIDING CANADA.

The Colonial Secretary Urges the Removal of the Cattle Embargo.

LONDON, March 1.—At the instance of the Dominion Government, the Colonial Secretary is giving strong support to Canada's case now before the British Board of Agriculture touching the schedule against Canadian cattle.

### AFTER A TRUANT WIFE

WITH TWO REVOLVERS AND BLOOD IN HIS EYE.

J. W. Brooks of Elgin County Married a Woman in Toronto Through an Advertisement—She Has Skipped With a Hired Man.

WINDSOR, March 1.—A very angry man was J. W. Brooks of Springfield, Elgin County, when he arrived in Windsor yesterday. He is hunting for his wife and hired man, who were around Windsor all day yesterday and crossed on the ferry to Detroit last night.

Mr. Brooks claimed they took with them more than \$800 of his money which he had in the house. He said his wife was about 30 years of age, and that they had been married only about six months.

He became acquainted with her through an advertisement he inserted in a Toronto paper. After several letters had been exchanged he went to Toronto and was married by Rev. Mr. Cooper.

He has now ascertained that a man named Herbert Peters, whom he had hired about five months ago, was her first husband and they had played a game on him.

He has two revolvers in his possession and swears that if he sees them a double murder will take place. Judging by the wild look in his eyes, it is believed that he will carry out his threat. He crossed to Detroit.

### CHICAGO'S HORROR.

Eight Persons Instantly Killed By a Falling Wall.

CHICAGO, March 1.—By the falling of the walls of John Yerkes' drygoods store at Halsted and Nineteenth-streets, at 1.30 o'clock yesterday morning, seven (and perhaps eight) persons were instantly killed and four others seriously injured.

The wall was shaken by the high wind last night, but no danger was apprehended until after midnight, when the cracking was heard by some persons on the street, but no alarm was given. When the fall came the frame buildings adjoining were crushed and covered by debris and those within had no chance to escape.

The crash aroused everyone in the block, and as the ruins took fire at once an alarm was turned in and ten engine companies began the work of attempted rescue. The ruins were crushed into the basement and now lie even with the sidewalk.

It is impossible to get upon the debris to attempt the work of rescues, and the fire...

—RHEUMATISM CURED IN A DAY.—South American Rheumatic cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappeared. The first dose benefits. 75 cents. Warranted by Deilor and Fullerton, Druggists.

—The British steamer, Cincora, plying between London and the Mediterranean, was sunk by collision with a German bark off Dungeness. Two of the crew were drowned.

—The St. John analysts report shows there was no poison in the stomach of Alex. D. Cameron, of Bridgetown, N.S., whose wife is under arrest on a charge of having caused his death.

#### THE INCREASE IN RATES.

Has Injured Immigration Prospects For the Whole Season.

LONDON, March 1.—The increase in the steamship immigrant rates to Canada continues to excite much talk in immigrant circles.

The steamers now leaving for Halifax are quite full, and will be for the next two months.

The best class are mostly booked for the Northwest.

The steamship companies are inclined to point to this fact as justifying their increase, but this statement is met with the reply that while every other interest is making a sacrifice for the speedy settlement of the Northwest the steamship lines alone demand their pound of flesh.

There is no exaggeration in stating that the selfish action of the steamship companies must injure the emigration prospect for the entire season.

#### German Interests in Hawaii.

BERLIN, March 1.—The Coelnische Zeitung in commenting upon Robert Louis Stevenson's utterances in Auckland, says that he is an inveterate foe of Germany and that he purposes inciting the United States to treat Samoa as they have treated Hawaii.

As regards American interests in Hawaii the paper says that the relations of foreign interests are illustrated by the population statistics, which show that the Germans there number 1000, the Americans only 1000 and the English hardly 800. The annual imports from Germany, moreover, averaged 800,000 marks' worth.

#### British Naval Estimates.

LONDON, March 1.—Earl Spencer, First Lord of the Admiralty, has published a statement of naval estimates, which indicate his intention to follow the program of the Salisbury Government and promote the arming of new war ships with lighter guns. The general adoption of the new cordite powder is also foreshadowed.

#### The Behring Sea Case.

LONDON, March 1.—The British representatives before the Behring Sea Arbitration Committee have returned from Paris to London and are now further completing the line of argument to be followed. The case, as far as Canada is concerned, is regarded as impregnable. The court will reassemble on March 23.

#### Irishmen Thank Gladstone.

BELFAST, March 1.—At a meeting of the National Federation Mr. Thomas Sexton, M.P., was elected president. The meeting adopted resolutions thanking Gladstone for his Home Rule bill and condemning the attempt of Lord Salisbury to incite the Orangemen to outrage and riot in opposition to Irish Home Rule.

#### Stanley Getting Better.

LONDON, March 1.—Hon. Arthur Stanley is slowly recovering, although the nervous symptoms are still present and show no signs of lessening.

#### Cardinal Manning's Successor Honored.

ROME, March 1.—The Pope has invited Cardinal Vaughan, Archbishop Manning's successor, to remain in Rome and attend the 14th celebration of the anniversary of his coronation, which is to take place on March 3.

#### A Gambler's End.

NICE, March 1.—Frederick Hartlinger, a commercial traveler for a large English firm, lost all his money at the Monte Carlo Casino and this morning shot himself dead with a revolver.

#### Brasil Preparing for War.

BERLIN, March 1.—The Brazilian Government has ordered 70,000 small calibre rifles and 35,000,000 cartridges from the Loewer's small arm manufacturers in this city.

#### Steamship Movements.

Date. Name. Reported at. From. Feb. 28—Scandia..... New York..... Hamburg Feb. 29—Lube..... Southampton..... New York

several times pieces of bone worked out of the sores. Physicians did not help me and

I Became Discouraged  
"I went to Chicago to visit a sister, as it was thought a change of air and scene might do me good. But I was confined to my bed most of the time. I was so impressed with the success of Hood's Sarsaparilla in cases similar to mine that I decided to try it. No bottle was bought, and to my great gratification the sores soon decreased, and I began to feel better. This strengthened my faith in the medicine, and in a short time I was

#### Up and Out of Doors

To make a long story short, I continued to take Hood's Sarsaparilla for a year, when I had become so fully released from the chains of disease that I took a position with the Flint & Walling Mfg. Co., and since that time have not lost a single day on account of sickness. I always feel well, am in good spirits and have a good appetite. I endorse

#### Hood's Sarsaparilla

for it has been a great blessing to me, and to my friends my recovery seems almost miraculous. I think Hood's Sarsaparilla is the king of all medicines." WILLIAM A. LEHR, No. 9 North Railroad St., Indianapolis, Ind.

Hood's Pills cure BILIOUSNESS.

The fire which broke out from an overturned stove as soon as the wreck occurred, showed through the ruins in tongues of flame and masses of smoke, betraying the destruction beneath. After the fire was under control the work of rescue began. The first person taken out was Frank Kunze, the 21-year-old son of the jeweler. He was pinned down by a heavy door that had fallen across him. He was taken to a liquor store near by and cared for. Mrs. Smith was the next rescued. She will die. Nearly thirty feet from where Kunze was found the police heard groans and the debris was rapidly cleared away. In a bent position Mrs. Smith was lying beneath a section of the wall that was still held together by the mortar. This made it all the more difficult to extricate her, and it was 15 minutes before she was lifted out. She had lapsed into unconsciousness, and was carried into the drug store at No. 747 South Halsted-street in a dying condition. Her skull was crushed and her right arm broken.

Yerkes' establishment was burned out the morning of Jan. 11, entailing a loss of \$285,000. During the conflagration the three-story brick adjoining, owned by Mrs. C. R. Lott, was partly demolished by the falling of brick, mortar and stone from the south wall of the Yerkes building.

#### BOYCOTTING THE GIRLS.

Twenty Young Men Band Together as a Bachelors' Club.

UPLAND, Pa., March 1.—The girls of this town are considerably agitated. On Friday night about 20 young men met and formed a bachelors' club. Each member pledged himself to pay into the club treasury 10 cents for every time he shall be seen in the company of a girl. George McGowan is president; John Taylor, vice-president, and Harry Seth, treasurer of the unique organization. With a score of young men thus abstracted from the swim, the girls will find themselves in an awkward majority on many occasions.

#### EDITORS IN A DUEL.

They Exchange Shots From Their Pistols—Neither Hurt.

NEW ORLEANS, La., March 1.—At noon yesterday a duel was fought in Texas, near the Louisiana line, between Editor Christis of Baton Rouge and Editor Hicks of Shreveport. Pistols were used at 15 paces. After an exchange of shots, in which no one was hurt, a full reconciliation was effected.

#### A Mean Vengeance.

JOHNSTOWN, Pa., March 1.—Monday night the pipes of the Crescent Pipe Line Company were torn up at Mowry's Mills, 30 miles from here, and 4000 barrels of oil poured out into the creek. The depredators chopped down a number of telephone poles, destroying communication and set fire to the oil.

The blazing oil destroyed a number of bridges and much valuable timber.

It is generally believed that persons living in the neighborhood who have done work for the company and claim they were not paid are responsible. These people have frequently threatened to destroy the company's property.

#### To Visit Irish Dynamiters.

LONDON, March 1.—Home Secretary Asquith has granted permission to John Redmond to visit the Irish dynamiters, Daly and Wilson, in Portland Prison.

#### Crossley and Hunter Thanked.

THOROLD, March 1.—The council has adopted a resolution thanking Crossley and Hunter, the evangelists, for their labors in this town.

several times pieces of bone worked out of the sores. Physicians did not help me and

#### I Became Discouraged

"I went to Chicago to visit a sister, as it was thought a change of air and scene might do me good. But I was confined to my bed most of the time. I was so impressed with the success of Hood's Sarsaparilla in cases similar to mine that I decided to try it. No bottle was bought, and to my great gratification the sores soon decreased, and I began to feel better. This strengthened my faith in the medicine, and in a short time I was

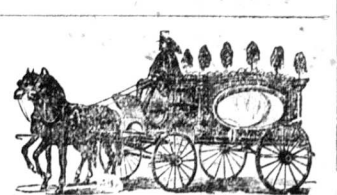

#### Up and Out of Doors

To make a long story short, I continued to take Hood's Sarsaparilla for a year, when I had become so fully released from the chains of disease that I took a position with the Flint & Walling Mfg. Co., and since that time have not lost a single day on account of sickness. I always feel well, am in good spirits and have a good appetite. I endorse

#### Hood's Sarsaparilla

for it has been a great blessing to me, and to my friends my recovery seems almost miraculous. I think Hood's Sarsaparilla is the king of all medicines." WILLIAM A. LEHR, No. 9 North Railroad St., Indianapolis, Ind.

Hood's Pills cure BILIOUSNESS.

#### UNDERTAKING

#### C. H. Finkle

#### NEWBURGH.

having purchased the Hearse, Coffins, Caskets, Robes, etc., the whole stock in trade, together with the good will of the long established Undertaking business of Mr. W. H. Eakins, begs to announce to the public that he is prepared to attend to funerals in the most prompt and satisfactory manner.

In the villages throughout the townships of Camden, Richmond and Ernestown, agents will take orders and forward them to headquarters without the least delay.

Orders left with Chas. D. Wagar, Enterprise, will be attended to promptly.

#### C. H. FINKLE.

Newburgh, December, 1892.

#### M. STORMS,

#### MOSCOW

has been over forty years in the undertaking business in the country and can turn out work equal to any in the Dominion.

A large stock of Coffins, Caskets, Robes, Crape Gloves and Badges, constantly on hand, and sold at reasonable prices.

Mr. Storms begs to say that he has left Enterprise but any will be found at Moscow, although interested parties said he had gone out of the business entirely.

25 percent cheaper than any in the trade. Give me a call at Moscow.

M. STORMS, Prop

My neighbors and stockmen often asked me in regard to Rock Salt. I answer them that I have used the New York Rock Lump Salt for the past three years for my cattle, horses, sheep and hogs, and I can say that I have no use for barrel salt for my stock.

Experience will satisfy any stockman that the Lump Salt is far better for all kinds of stock. Men in my neighborhood who began using by buying 100 lbs. are now buying in lots of 500, 1,000 and 2,000 lbs. I consider it just as cheap at \$1.00 per hundred, as barrel salt at \$1.00 per barrel. Stock will not scour as they do when using the common salt, and I am of the opinion that it is only a question of time when it will be in common use.

Very respectfully yours, Mr. Welch is president of the Fair Association, and the owner of the celebrated "Edgewood" herd of Short Horns, and of many fine horses, sheep and hogs.

A CAR OF THIS SALT JUST RECEIVED AT SYMINGTON'S.

NOTED FOR promptness and reliability.—Patent registered.

I HEREBY FORBID ANY PERSON or persons trusting on my account without my written order as I will not be accountable for the same. MRS. MARGARET D. ROBERTSON, Selby P. O.

THE GREAT PROGRESSIVE DRY GOODS HOUSE

# Robinson & Co.

**PROMPTNESS** in paying your account leads to  
**PROGRESS** in your affairs and  
**PROSPERITY** for all

All overdue accounts must be paid at once.  
**JOHN HERRING,**  
Napanee Agricultural Works.

—Next Tuesday is Fair day.

—Kimberly sells 6 lbs sulphur for 25cts.  
—Fred Clapper, of Belleville, spends a month in jail for assaulting his mother.

—Mr. F. A. Kilpatrick, of Kingston, was in town on Saturday renewing old acquaintances.

—It is said that horses in many parts of the Bay district are suffering from pneumonia.

—Miss Smith, milliner for Robinson & Co., is in Montreal this week selecting new goods.

—Levi Kelly is supposed to be the head of one of Napanee's industrial establishments.

—Mr. H. G. Milling, proprietor of the Campbell House, was in Kingston last Friday.

—Mrs. W. S. Herrington and children were guests of S. M. Herrington, Belleville, last Friday.

—Mr. W. H. Snider, of Belleville, was in town on Monday, and made the Express a pleasant call.

—Mr. George Tisdale, of Barriefield, Kingston, spent Sunday in town visiting friends and relatives.

—A joint stock company has purchased the Forest Mills cheese factory from Miss Mary Brennan for \$850.

—J. D. Garrison, formerly of Napanee, has developed into a first-class athlete since his removal to San Francisco.

—Felix Shaw intends leaving Kingston to start business in Napanee, and has already commenced moving his stock.

—Mr. R. C. Clark, late of Napanee, now of St. Paul, Minn., has been re-appointed boiler inspector. He is a good officer.

—Mr. Cunningham, a highly respected resident of Reduerville, burst a blood vessel while coughing and shortly after expired.

—Mr. N. Vermilyea, reeve of Thurlow, was nominated as the Reform standard bearer in East Hastings at Canifon last Thursday.

—Charles Miller, Odessa, has received \$153.83 from the United States pension department, and will hereafter draw \$6 per month.

—Our townsman John H. Philips has been on a trip east around Morrisburgh, being recommended by Toronto firms, and has been very successful.

—Prospects for the local cheese business are good. Montreal stocks have all been cleared out this season, and cheese will be wanted early next season.

—All the gratings and water courses should be opened in preparation for the great thaw which will probably be on us before many weeks elapse.

—It is said that Kingston, Napanee, Brockville and Tweed all propose to have teams in the Canadian Football Association at the opening of the season.

—Mr. W. G. Parish's telephone plant at Athens and Charleston Lake has passed into the hands of the North American Telegraph Company, of Desoronto.

—That dollar! due for the Express,—will you please pay it NOW? It is needed for office expenses, and holding it prevents us meeting liabilities incurred for this paper.

—A cupful of carpet tacks, a nail, and numerous bits of iron were taken from the stomach of a Kalamazoo boy who died the other day in an insane asylum. Boys will be boys.

—“Who makes kittens, Jackie?” “Why God makes them, Ethel. He doesn't make them as he does the babies, one by one, but, He just says, ‘Let there be kittens,’ and there are kittens.”

—A celebrated lawyer said that the three most troublesome clients he ever had were a young lady who wanted to be married, a married woman who wanted a divorce, and an old maid who didn't know what she wanted.

—The officers of the Reading (Coal & Iron) company stated yesterday at Philadelphia that the various anthracite companies would make a reduction in the price of coal from 25 to 50 cents on or about the 1st of April.

—Mr. Nathan Bicknell, of Clare, Mich., was among our numerous callers on Monday last. He came over accompanied by his wife, (nee Miss Henry) to attend the

“Clear Havana Cigars.”

“La Cadena” and “La Flor.” Insist upon having these brands 37th Found.

On Saturday evening, Feb. 25th, a show? Owner may have it by paying charges and proving property. For particulars call at this office.

**Strongly Endorsed.**

The advertising of Hood's Sarsaparilla appeals to the sober, common sense of thinking people, because it is true; and it is always fully substantiated by endorsements which in the financial world would be accepted without a moment's hesitation. They tell the story—HOOD'S CURES.

**Who can Beat Them.**

Mr. Woodcock, Hay Bay, called in the Express office on Wednesday and laid on our table a mammoth hen's egg measuring 6½ by 7½ inches, and weighing 8½ ounces.

Mr. Wm. Warner, section hand on the B. of Q. Ry., has a grade cow which during the past month has given milk to make 4½ lbs of butter, besides 35 quarts of milk otherwise disposed of.

**Addington Fair.**

The Addington County Agricultural Society will hold their annual fair at Harrowsmith on Wednesday and Thursday, 27th and 28th of September.

**What a Trouble.**

The hair is troubling so many, so young and still so gray! Dorenwend's “Hair Magic” is doing its work everywhere with the most startling results. It is not a dye, still it restores the gray hair to its natural color and leaves it soft and beautiful. Try it and you will be pleased. It is for sale by all druggists. Insist upon getting Dorenwend's “Hair Magic” only and you will never use anything else.

**Robe Stealing.**

Last Saturday night the report was current that no less than 21 robes had been stolen from rigs in the various hotel yards. Hotelkeeper Hunter talks of equipping a room in his hotel for the purpose of checking all robes left at his hotel. This idea, if carried out, will doubtless give his hotel a general run, as the farmer has enough losses these hard times without having his robes stolen.

**When in Despair.**

When in despair of being cured of lung troubles, there is still a hope, and a strong hope of perfect cure in Dr. Wood's Norway Pine Syrup. This medicine cures even after all others have failed.

**A Successful Canadian.**

Mr. John A. Shibley, a former resident of Newburgh and Napanee, who is now but 26 years of age, has just been elected secretary, assistant treasurer and a director in a large Worsted Mills Corporation with a capital of \$3,000,000 at Providence, Rhode Island. Mr. Shibley is also the Treasurer of two other large manufacturing concerns. His success in the sharp Eastern business world has been unprecedented for so young a foreigner without capital or experience.

**Desoronto Reelects.**

Nomination was held at 10 o'clock on Monday at Desoronto to fill the vacancy in the town council caused by the resignation of the reeve, Mr. W. R. Aylsworth, county clerk. There was a large number of the electors present, and considerable interest was manifested in the proceedings. Three candidates, namely Dr. Newnon, John Dalton and Richard Baker were nominated. The election will take place on Monday next and a lively contest is anticipated.

**Death of Mr. Snider.**

After an illness of two weeks, the spirit of Emery Snider passed peacefully away at his residence, 158 Rideau St., Kingston, on Sunday morning, early. Deceased was the second son of Edward Snider, of Ernestown, where he followed the pursuits of a farmer until two years ago, when he removed to Kingston to accept a situation with the Rathbun company, where his devotion to duty made him many friends. He was forty-three years of age, and leaves a wife and five children to mourn the loss of a kind and affectionate husband and father.

**“How to Cure all Skin Diseases.”**

Simply apply “SWAYNE'S OINTMENT.” No internal medicine required. Cures tetter, eczema, itch, all eruptions on the face, hands, nose, etc., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by no other remedy. Ask your druggist for SWAYNE'S OINTMENT. Lyman Sons & Co. Montreal, Wholesale Agents. 321y

**Runaway.**

On Wednesday morning quite an exciting runaway took place on Dundas street. While Mr. Waslav Hall who lives north of

**Minard's Liniment is the Best**

initiated in St. Lawrence county, by a young man who pretends to be an agent for an eastern nursery company, and who is introducing a new variety of "black oats" of enormous producing quality, which he sells for \$3.50 per bushel.

—R. S. Bell has resigned the editorship of the Belleville "Intelligencer." He will be succeeded in the editorial chair by J. C. Jamieson, president of the company, while Fred Abraham, formerly of the "Ontario" has been appointed city editor.

—Sir Oliver Mowat has embarked in the manufacture of binder twine, and nothing more is needed to prove the wisdom of this step than the fact that as soon as he opened his factory the Dominion cabinet reduced the taxation on twine to one half the former rate.

—Mr. Francis Vandewater, a resident of Hay Bay, died on Tuesday last at the age of about 70 years. Deceased was formerly a resident of Portland, where he was brought up. He leaves a wife and one son. The funeral took place on Thursday, the remains being placed in the vault.

—A maiden fair with sun kissed hair came tripping down the street, the air was keen, her age was "teen," and, readers she was sweet. The sidewalk was sleet, and she went off her feet, with a jolt that shook out her curls, and the words she used must be excused, for she's one of our best girls.

—The double tracking of the G.T.R. has necessitated the use of a new style of snow plough. When there was only a single track, a plough was used that threw the snow to each side, but it is now altogether useless for it simply covers up one track with snow. The plough now in use consists of one large wing that throws the snow to the outside of the track only.

**Candidates for the House of Commons, Ottawa, and for the Legislature, Toronto will be selected at the Reform meeting to be held in the Town Hall, Napanee, on March 18th.**

—Mrs. Martha Allen, widow of the late David Allen, Odessa, who died about a year ago in Kingston hospital, has received a cheque for \$1,111.80, the amount she is entitled to since applying for a pension. She is allowed \$2 a month for each of her seven children, and \$12 a month for herself. She has for some time been in straitened circumstances, and the cheque will prove acceptable.

—David Nicol denies that he is author of the yarn of two robins having haunted the grave of Sir John Macdonald for two winters. Traced back to the fountain head, the report arises from the joking proclivities of a street railway magnate upon whom the reporters pin too much faith when he is feeling real well. The story travelled over the continent last year and is again on its rounds. The only ground for it is the fact that two robins have remained at Catarqui all winter, being fed by Mr. Nicol's family.

—The Gibbard Furniture company have started the manufacturing of parlor suits on a very large scale, and are finding great success. They are now offering at retail all lines of these goods at wholesale prices, and are offering some of the finest parlor suits, entirely new and of the latest design, at lower prices than was ever offered to the public. You should not fail to see their large stock. They are also offering great inducements in every line of furniture. 3t

—Two boys, aged ten and fourteen years, sons of Chief Jacob B. Brant, of Tyendinaga Reserve, had a narrow escape from death Saturday before last. In the absence of their parents they found a flask of gunpowder with which they proceeded to perform some experiments. They were enjoying the fun of pouring a few grains at a time into the stove fire when, as might be expected, the contents of the flask ignited and an explosion followed. The two boys were fearfully burned about the head and body, while considerable damage was caused to the room in which they were playing at the time. Some of the children ran a long distance to a neighbor's house for assistance and it is satisfactory to learn that both lads are now in a fair way of recovering from the severe injuries which resulted from their boyish heedlessness.

—Remember the Reform meeting in the Town Hall, Napanee, on March 18th. Reformers, be on hand.

—Kimberly sells 6 lbs ground flax-seed for 25 cents.

up East street, turning off on Dundas St. When nearly in front of Waller's hardware store the team straddled the telegraph pole, which caused the bob-sleighs to shy in the doorway of Waller's store. The door was smashed off its hinges, and the glass in it shattered to atoms. The horses were captured before any further damage was done.

**Ask to see the Boyle can bottom.**

**He Paid His Dollar.**  
He walked in and put down a dollar, a silver dollar, that clanked like a carriage wheel in the stillness of the sanctum. Said he: "There, take it, and credit my subscription quick." "What's the matter?" we said. "Well," said he, "Some time ago I was fishing on Pike Creek; a thunder storm came up, and it rained and thundered, and lightning flashed all around me. I crawled into a hollow log to escape it. The rain made the log swell until I was fastened in and nearly squeezed to death. I began to think of all my sins and to repent. Suddenly I remembered that my subscription to the EXPRESS was not settled up, and I felt so small about it that I was able to back right out of the log at once."

**Seeds.**  
Perry & Co will pay more for Red and Alsike clover seed also Timothy seed, than any other buyers. Office in old store, Rankin and Joy, next door Tichborne House.

**A Clever Escape.**  
On Saturday Driver Kerly, of "A" Battery, Kingston, was sentenced for some misdeemeanor to 25 days in the cells. The sentence will probably not be carried into effect, however, for the prisoner, to use a popular phrase, is "out of sight." He turned out for church parade Sunday with the other men, and was placed under the charge of Corporal Clifford. As the parade entered the Johnston street door of St. George's cathedral, Kerly allowed the other soldiers to get ahead of him, and then walked quickly down one of the side aisles and out of the sacred edifice, through the King street entrance. Once outside, he took to his heels and made the best of his way across the ice towards "the land of the brave and the free." His absence was not discovered until the service was half over, so the deserter had a start of nearly three quarters of an hour. As soon as he was missed a corporal's guard left the Cathedral to look for him, but their search was unsuccessful. Mounted men were sent out later in the day, and the efforts to locate him were continued through the night, but to no avail. Corporal Clifford, who was held responsible for Kerley's safe keeping, has been placed under arrest.

**How to get a "Sunlight" Picture.**  
Send 25 "Sunlight" Soap wrappers (wrapper bearing the words "Why Does a Woman Look Old Sooner Than a Man.") to Lever Bros., Ltd., Scott St., Toronto, and you will receive by post a pretty picture, free from advertising, and well worth framing. This an easy way to decorate your home. The soap is the best in the market, and it will only cost 1c postage to send in the wrappers, if you leave the ends open. Write your address carefully.

—Boyle & Son are selling stoves cheaper than anyone.

**Historic.**  
Rev. H. B. Patton, B.A., has placed on our desk a photograph of the mummy of Rameses II, the Pharaoh, in the sixth year of whose reign Moses was born, the oppressor of Israel and father of the Pharaoh who perished in the Red Sea. Rameses II surnamed the 'Great,' was the Sesostris of the Greeks. He carried on a great war against the Syrian city of Kadesh on the Orontes, opposed to him being a powerful confederation, embracing Syria, Mesopotamia and parts of Asia Minor. He reigned 66 years during which time he proved himself a great warrior, builder and patron of arts and sciences. The discovery of his body reads like a romance. When found it was not in its original coffin but in one of the Twentieth Dynasty period. When the mummy was unwrapped an inscription was found explaining that the coffin had been accidentally broken, necessitating a new one and proving beyond doubt that the body was really that of Rameses II. He was succeeded by his thirteenth son, Menepht II, who continued the oppression which drew upon him the plagues and who finally perished in the Red Sea. It is marvellous to look upon the features, still well preserved, of a monarch who flourished about 1400 years before the birth of Christ.—Tribune.

**The first shipment of our new Imports per "Devonia" having arrived and been placed in stock our spring stock is now complete in the following departments :**

**Dress Goods, Mantle Goods**  
**AND TRIMMINGS**

J. C. HAWLEY, Mgr.

**Benevolent.**

In compliance with a numerously signed requisition, the Napanee Dramatic Club has kindly consented to repeat "Placer

—Kimmerly sells 40 cent tea at 25 cents.

—Mr. A. W. Gannon spent Sunday in Deseronto.

—Phelps' Blue Point oysters (selects only) at Davis'.

—The finest line of Ganong's chocolates and American creams at Davis'.

Cream pails and creamer cans at Boyle & Son's.

—Sweet Floridas and all fruits in season at Davis.

—A new parsonage is to be erected at Enterprise.

—A double murder is reported at Craigleith, near Collingwood.

—E. W. Rathbun and wife, Deseronto, are off on a trip to Oswego.

—The grand Orange lodge of Manitoba will meet in Winnipeg this week.

ingly consented to repeat "Placer Gold" at the Opera House, for the benefit of Chas. P. Ham, on the evening of March 17th. As this involves considerable trouble to the club, the signers of the requisition and all friends should endeavor to have a bumper house. Mr. Ham has been sick for a long time, and unable to follow his vocation, therefore a complimentary benefit was thought a fitting manner of allowing all to assist in raising a sum for presentation.

#### Cannot be too Careful.

It there is anything in the world that tends to give a person a case of the blues it is to find that the seeds he has planted are worthless, and his season's work has been thrown away. In purchasing seeds farmers should remember that upon his investment relies the success of his year's operation. When buying a horse, or in fact anything that is needed around a farm, the farmer can judge for himself, for he knows just exactly what he is purchasing. With seeds this is different, and the only way to secure success is to buy from a house whose reliability has never been questioned. To better guide the farmer in the important task of choosing what seeds he desires D. M. Ferry & Co., the well-known seedmen, of Windsor, Ont., have prepared an illustrated annual for 1893. It is something every farmer and every gardener should have, and will be mailed free upon application to the above firm.

#### Promoted.

The following notice handed us by J. W. Anderson and taken from the Toronto Recorder, has reference to the promotion of a former citizen of this town. Mr. Wilfred Phillips, who was for some time agent of the Ontario Mutual Life and was with Mr. Anderson, one of the proprietors of the Skating Rink, established here during the winter of 1889-90, in the management of which he became quite popular with its patrons, as he was with all with whom he came into business contact. The Express is glad to hear of his good fortune, and congratulate him on his well deserved promotion: "Mr. Wilfred Phillips, engineer of the town water and light works, last week received from Mr. W. Grant, manager of the Niagara Falls Park and River electric railway company, an offer of the position of electrical and mechanical engineer at \$100 per month, which he decided to accept, and, though the company's line is not expected to open till the middle of May, his services are required as soon as arrangements have been made to supply his place. The above company are building a line from Queenstown which covers some fourteen miles, and they will start with forty cars, driven by machinery operated by an engine of 15,000 horsepower. —Cup's and saucers, shaving mugs, dolls, at Arnott's.

#### OBITUARY.

##### MARY HENRY.

The death of Mrs. Mary Henry, relict of the late James Henry, took place on Saturday last. Deceased was born near Belfast, Ireland, and was of Scottish Presbyterian descent. She has been a resident of Napanee for about fifty years, and during the entire period has lived in the residence in which she died, in Clarksville. At that time Napanee was largely on that side of the river, there being a general store, shoemaker and tailor shop, hotel, blacksmith shop, tannery and school. She was the last survivor but one of the settlers, and assisted in the formation of the first Presbyterian congregation. During her life in Napanee she had always borne the reputation of a devout christian. Three sons and four daughters are left to mourn her loss, they are Mrs. Bicknell, and Mrs. Feighner, of Clare, Mich., Mrs. C. T. Fuller, of Manfield, Florida, and Messrs. A. H., T. S. and R. L. Henry, Napanee.

##### PRISCILLA NICHOLS.

On Saturday last the death of Mrs. Priscilla Nichols took place at her late residence, Mill street, west. Her illness was of only three days duration, brought about by lagrippe. Deceased was a widow of the late Levi W. Nichol, who resided on the old David Roblin farm, Deseronto road and died some six years ago. After her husband's death Mrs. Nichol removed to town where she had up to the time of her death lived a very retired life. Two sons and a daughter survive her. Edith, the daughter, is now confined to the house by illness. One son, Marshall, P.L.S. also County School Inspector, resides at Chatham, and the other, Douglas, is off in the western States.

Sap pails and pans at Boyle & Sons.

#### cans at Boyle & Sons.

—Kimberly just received a car of Manitoba bran and shorts very cheap.

—Mr. Geo. Pearn, of the Gibbard Furniture Co., is this week on a business trip to Guelph.

—All ages and conditions of people may use National Pills without injury and with great benefit.

—Something new—the Triumph watch—Only \$2.50. It is a novelty. Call and see it at Chinneck's.

—The thirty-second annual convention of the Ontario educational association will be held in Toronto in April.

—Destroy the Worms or they may destroy the children. Freeman's Worm Powders destroy and expel all kinds of worms.

—Mr. F. S. Rockwell, attending Boston school of Oratory, recited to an audience of 2,500 last week and was well received.

—Mrs. J. V. Feighner, of Clare, Mich., has been spending the week in town. She came over to attend her mother's funeral, the late Mrs. Henry.

—Mr. L. Wales has been taking a week's holidays visiting the back part of the county. Report says he is to bring her home with him this trip.

—Rev. J. W. Rae, of Acton, says that Conductor Snider's Lecture is filled with mirth and good things. Western Methodist Church, March 10th. Admission 15 cents.

—Examine Boyle & Son milk can before you buy. Measure the centre band. Ask to see the bottom. They have also been appointed sole agent for the common sense binding twine.

—We are pleased to see that Mr. Perry Wagar has so far recovered that he was able to be over town on Tuesday renewing his acquaintance with the employees of the Gibbard Furniture Co.

—The township of Portland municipality has had a special audit of accounts extending back for several years. The auditors appointed were J. L. Haycock, Cataraqui, and J. Hinch, p. clerk, Camden but the latter was obliged to retire and J. Oram, Kingston, filled his place.

J. W. Anderson is having another cheap sale of Boots and Shoes. He has not yet decided to remain in town, but wants to reduce his stock to the lowest point possible so as to be ready for any snap that may offer.

—Miss Agnes Wilson, who has been a resident of Napanee for a number of years past, left on Tuesday night for Toronto, where she has decided to locate. Quite a large number of her friends were at the station to bid her good-bye and wish her Godspeed, conspicuous amongst whom was "Will."

—A man named Sagar, of Shannville, was driving onto the bay on Tuesday when he stood up and struck his horse with his whip. The horse kicked out viciously striking him on the head fracturing his skull. The snow around the scene is covered with his blood. He has been taken to the hospital and is receiving every attention.—Ontario.

## LOOK AT THE BEAUTIFUL WOMEN

Around you that are using **PEACH-BLOOM SKIN FOOD**. Their complexion is brighter, fresher, smoother, and more beautiful than the Women who use cheap preparations.

**PEACH-BLOOM** is not a whitewash to close up the pores of the skin, and cover up its imperfections, but is a **SKIN FOOD**. It clears the skin leaving it soft, smooth, and beautifully transparent.

**PEACH-BLOOM** is absolutely harmless, but it brings about the required results quickly, and retains them, permanently removing roughness, pimples, black heads, freckles and tan.

**PEACH-BLOOM** having a tendency to feed the inner as well as the outer cuticle, it induces a filling out, and firmness of the skin thereby preventing and removing wrinkles. It is invaluable for chapped hands. Sold by druggists, and on receipt of price, \$1, by addressing **WESTON CHEMICAL CO.**, 186 Adelaide Street West Toronto. For sale in Napanee by Detlor & Fullerton, Druggists.

#### MARRIAGES.

**ASSELSTINE-HUDGINS**—At the residence of the bride's parents, on Wednesday, Feb. 22nd, by the Rev. J. E. Robeson, Mr. A. C. Asselstine, Minnesota, to Miss Clara Hudgins, of Selby.

#### DEATHS.

**CLINE**—In Richmond, on Feb. 23rd, John Cline, aged 74 years.

**NICHOLS**—In Napanee, on Feb. 25th, Priscilla Nichols, aged 84 years.

**HENRY**—In Napanee, on Feb. 25th, Mary Steele, relict of the late James Henry, aged 77 years and 11 months.

**VANDEWATERS**—In South Fredericksburg, on Feb. 26th, Francis Vandewaters, aged 70 years.

—The grand Orange lodge, or mandingos will meet in Winnipeg this week.

—Hood's Pills cure liver ills, jaundice, biliousness, sick headache, constipation.

—Miss Mina Allen is away to Toronto this week, attending the spring openings and buying goods.

—Alex. O'Neil, aged 79, a pioneer of Essex county, died very suddenly Friday at his home near Windsor.

—The anti-Parnellite convention for the discussion of the home rule bill will be held in Dublin on March 8th.

—The California assembly Saturday passed a bill making prize-fighting, with or without gloves, a felony.

—John Kavanagh, an old resident and merchant of Kingston, fell dead last Friday morning while shovelling snow.

—A Fort Dodge woman has gone crazy through seeing a graphic pen picture of hell drawn in the pulpit by her pastor.

—Hood's Sarsaparilla positively cures even when all others fail. It has a record of successes unequalled by any other medicine.

—During the week several citizens have had narrow escapes from falling icicles from the eaves of various stores on Dundas street.

—J. H. Johnstone, Conservative, has been elected to the British commons in Horsham, Essex, to succeed the late Sir Walter Bartlelot.

—The Erie vestibuled train, No. 8, was wrecked one mile east of Vandalla at 12 o'clock Saturday night. Ten persons were seriously injured.

—Toronto has been nicknamed "Hogtown" by numerous Ontario papers. It is a well merited distinction and "Hogtown" is welcome to it.

—Our townspeople who were acquainted with Mrs. James A. Chisholm, Belleville, will regret to learn of her death, which took place on Sunday last.

—A bill has been introduced into the United States congress which aims at a radical change in the bonded privileges now enjoyed by Canadian railroads. It will be considered next session.

—At the Kingston races, 3 minute class, last Saturday afternoon, Beesie M., owned by B. Briscoe, took part winning second money. In the third heat she was pocketed. The sulky toppled over and the driver fell off. He was up and off in a second, however, and got second place.

—Collingwood has a sensation of a horrible kind. A young woman named Jennie Wonch pounded to death her mother and child with an axe handle because she wanted to marry a man called "Jim," who said he would marry her if she got rid of her mother and baby.

—The Cataraqui hermit has at last made himself known, and is now in the general hospital, Kingston, undergoing treatment, he having had his face and feet badly frozen during the cold snap. He gives his name as Chrysler Miller. He can speak but very little broken English and is of German descent. He was an awful sight when he entered the hospital his hair being a "foot" long and his beard shaggy and uncared for.

—Rebecca Wilkinson, of Brownsville, Ind., says—"I had been in a distressed condition for three years from Nervousness, Weakness of the Stomach, Dyspepsia and indigestion until my health was gone. I had been doctoring constantly with no relief. I bought one bottle of South American Nerve, which done me more good than any \$50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy: a few bottles of it cured me completely. I consider it the grandest medicine in the world." A trial bottle will convince you. Sold by Detlor & Fullerton, Druggists.

—To illustrate the ease with which petitions can be got up, the following new version of an old story is told in Chicago: A member of the board of trade had roundly denounced those who would sign a petition without carefully examining its contents first. The other day, in a rush of business, a friend hurried to him with a paper and, in a breathless way said, "Sign your name to this, George; the woman is in great want, and \$5 is no consequence to you. Hurry up, old man!" The man who never believed in signing a paper without reading it put his name down. He was immediately surrounded by a yelling mob of friends, and then he discovered that he had signed a petition praying for his death by burning at the stake on the ground that so long as he was alive the community was in danger.

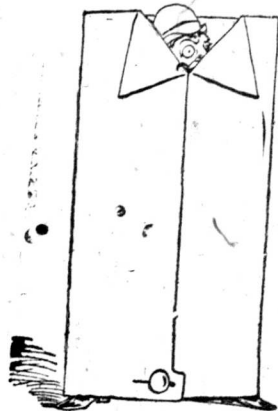

—The adjourned Reform meeting takes place in the Town Hall, Napanee, on March 18th. Come one and all.

## CREAM TARTAR BAKING POWDER PUREST, STRONGEST, BEST.

Contains no Alum, Ammonia, Lime, Phosphates, or any Injurious.

E. W. CILLET, Toronto, Ont.

I PAY THE MARKET PRICE.—I want all your dried apples, and will pay the market price in cash. MILES S. PLUMLEY.

Solomon had his own ideas on the subject of apparel, and while he knew just what he was about when he arrayed himself in purple, he was especially sound on the subject of fine linen. There was a time when linen was within the reach of only those of ample means; now those who cannot purchase it must be poor indeed. Can there be any possible excuse for a wardrobe poorly replenished in this respect, when you can buy a half dozen shirts for the price that old Sol paid for one single shirt.

We make them to measure or sell them ready to wear, and you get a good fit in either case. We have just opened a range of the latest styles in English collars, and a big range of white and colored shirts for Spring. See us for your Spring shirts and collars.

## McAlister & Co

P.S.—Opened this week five cases new suitings and overcoatings.
